TEAMING & SUBCONTRACTING

Open to subcontract and teaming-partner roles now, under NAICS 541511, 541512, and 541613. Primes get two computer-science founders who still write the code, scope and price fixed in writing before work begins, and a founder signing every deliverable. For compliance desks: since 22 December 2024 agencies and primes receive SDVOSB goaling and subcontracting credit only for SBA-certified firms. If your requirement turns on that credit, ask us where our SBA certification stands and we will answer in writing within one business day.
